FAMILY SERVICES

Genesis Youth Trust is a Charitable Trust working in communities across Auckland targeting youth offenders, youth at risk and their families/whānau.

Our long term objective is to reduce re-offending, by addressing underlying causes, by engaging our clients into; education, employment, training and connecting them into positive community activities.

Each life so transformed is of immeasurable value to the individual, their family/whānau and those who otherwise would become the victims of crimes.

WHAT WE OFFER

Confidential, professional and culturally appropriate services for youth at risk and their families.

Family Services provides an integrated approach by linking together One on One Counselling, Family Therapy and our Parenting Education Programme when working with our families who may have many difficult and complex issues to address.

Our qualified and experienced Counsellors deliver coordinated support for our Youth and Social Work staff enabling a multi-disciplinary, holistic wraparound approach which promotes working partnerships and helps in establishing good and effective relationships to youth at-risk and their families.

Based in Mangere Genesis also provides services in Manurewa, Glen Innes and Papakura.

Services we offer include:
